INTRODUCTION

The model clauses contained in this document can be included by Commonwealth entities in approach to market, contract or panel arrangement documentation, as relevant, to give effect to the requirements of the Australian Skills Guarantee Procurement Connected Policy.

Some of the model clauses have been drafted for the purposes of meeting the mandatory requirements for non-corporate Commonwealth entities set out in the Australian Skills Guarantee Procurement Connected Policy. Other model clauses have been drafted to address optional matters set out in the Australian Skills Guarantee Procurement Connected Policy. The explanatory text in relation to these model clauses notes that they are 'optional clauses' and 'may be used'.

Commonwealth entities are able to modify and adapt these clauses to ensure consistency with their approach to market, contract or panel arrangement documentation, provided that the requirements of the Australian Skills Guarantee Procurement Connected Policy are met.

For a copy of and information about the Australian Skills Guarantee Procurement Connected Policy go to: <https://www.dewr.gov.au/australian-skills-guarantee>.

Commonwealth entities and tenderers should refer to the Australian Skills Guarantee Procurement Connected Policy to ensure that all requirements of that policy are met and for further information on how the policy applies.

Further guidance is available at <https://www.dewr.gov.au/resources/australian-skills-guarantee> and in the Australian Skills Guarantee – Guidance for Using the Model Clauses for Commonwealth Contracting Agencies available on the Australian Skills Guarantee Operational Resources and Stakeholder Engagement GovTEAMS community.
