Trends in Federal Enterprise Bargaining Report Summary

1. Wages growth under federal enterprise agreements June quarter 2022 - Tables 1 and 2 in Trends report

The Average Annualised Wage Increase (AAWI) for federal enterprise agreements approved in the June quarter 2022 was 2.8 per cent, up from 2.6 per cent in the March quarter 2022, and 2.4 per cent in the June quarter 2021.¹ The 2.8 per cent AAWI result is above the historic low of 2.2 per cent in the December quarter 2020.

The 2.8 per cent AAWI result is based on the 84.5 per cent of agreements approved in the June quarter 2022, covering 51.7 per cent of employees, which contained quantifiable wage increases.²

For the 8,638 enterprise agreements current as at 30 June 2022 (that is, agreements that have not passed the nominal expiry date and have not been terminated) that had a quantifiable wage increase, the AAWI was 2.6 per cent, unchanged from 2.6 per cent in the March quarter 2022 and unchanged from 2.6 per cent in the June quarter 2021.

2. Federal enterprise agreements – Proportion of employees covered

In total, enterprise agreements (including federal and state) covered 35.1 per cent (rounded) of all Australian employees in May 2021 (latest available data).

Federal enterprise agreements covered 30.4 per cent of all Australian employees as at May 2018 (latest available data)³.

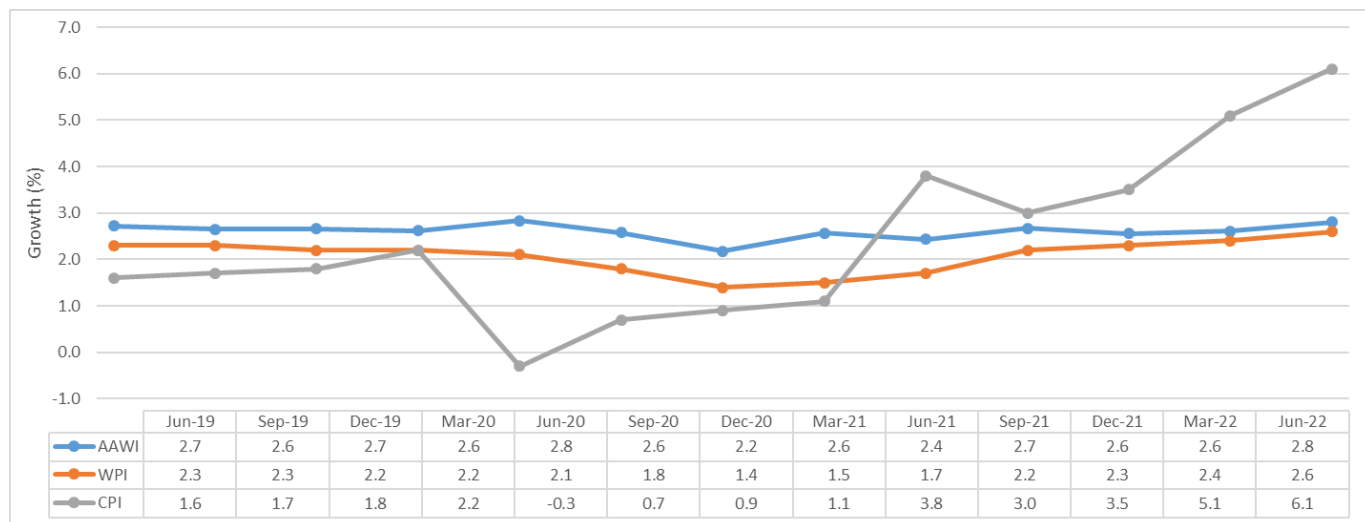

¹ See Note 1 at the end of this summary for more details

² An agreement is considered quantifiable if it contains wage increases that are consistent for all employees and are known at the time the agreement was made. Common reasons an agreement might not be quantifiable include: periodic reviews of wages with no guarantee of an increase; inconsistent wage increases for different groups of employees; or linking the wage adjustments to other factors, such as movements in the CPI or federal minimum wage. More information on non-quantifiable agreements can be found in section 10 of this summary. See Note 2 (Non-quantifiable agreements) at the end of this summary for more details.

³ Detailed breakdowns for the May 2021 data are not yet available.

3. Comparison of AAWI, ABS Wage Price Index (WPI) and ABS Consumer Price Index (CPI)

Chart 1 - AAWI in approved agreements, ABS Wage Price Index (WPI) and ABS Consumer Price Index (CPI) – June quarter 2019 to June quarter 2022

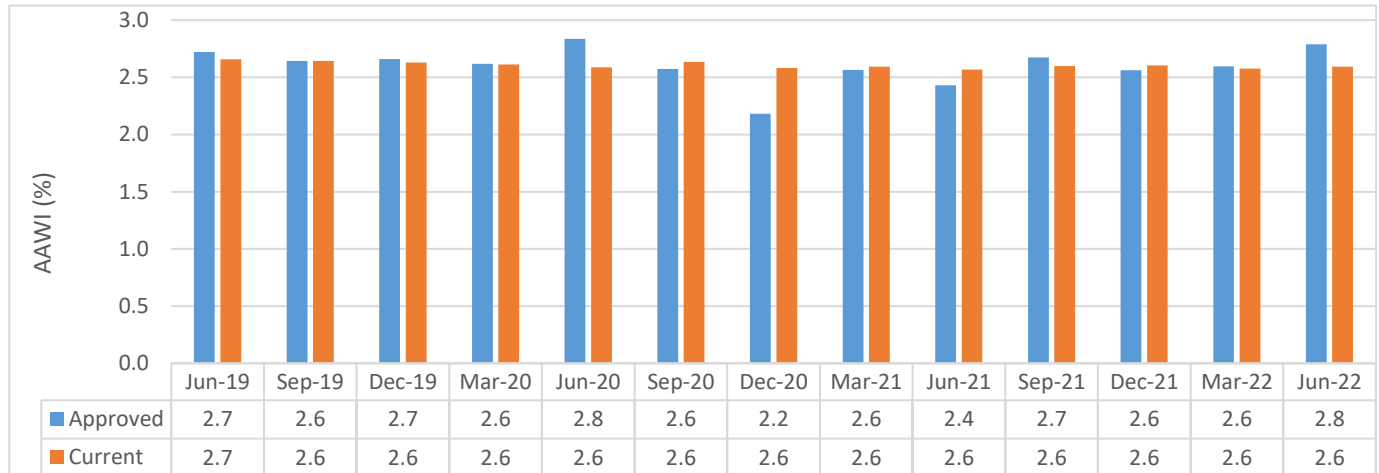

Source: Department of Employment and Workplace Relations, Workplace Agreements Database; Australian Bureau of Statistics, Wage Price Index, Australia – June 2022; Australian Bureau of Statistics, Consumer Price Index, Australia– June 2022.

Notes: In recent quarters the CPI results have been particularly influenced by price rises for new dwelling purchases by owner-occupiers and automotive fuel. The trimmed mean inflation, while not included in Chart 1, excludes large price rises and falls e.g. seasonal changes in fresh food prices, and once-a year price changes for education fees. The trimmed mean measure of inflation was 4.9 per cent over the year to the June quarter 2022, up from 3.7 per cent over the year to the March quarter 2022.

4. AAWI - agreements approved in the June quarter 2022 and agreements current as at 30 June 2022 - Tables 3 and 4 in Trends report

Chart 2 - Approved and current agreements AAWI by quarter - June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Chart 2 (above) shows AAWI results for agreements approved in each quarter since the June quarter 2019, and the AAWI for all agreements current at the end of each quarter.

Approved agreements

There were 942 agreements approved in the June quarter 2022, of which 796 contained wage increases that could be quantified.

The AAWI for agreements approved in the June quarter 2022 was 2.8 per cent, up from 2.6 per cent in the March quarter 2022, and 2.4 per cent in the June quarter 2021.

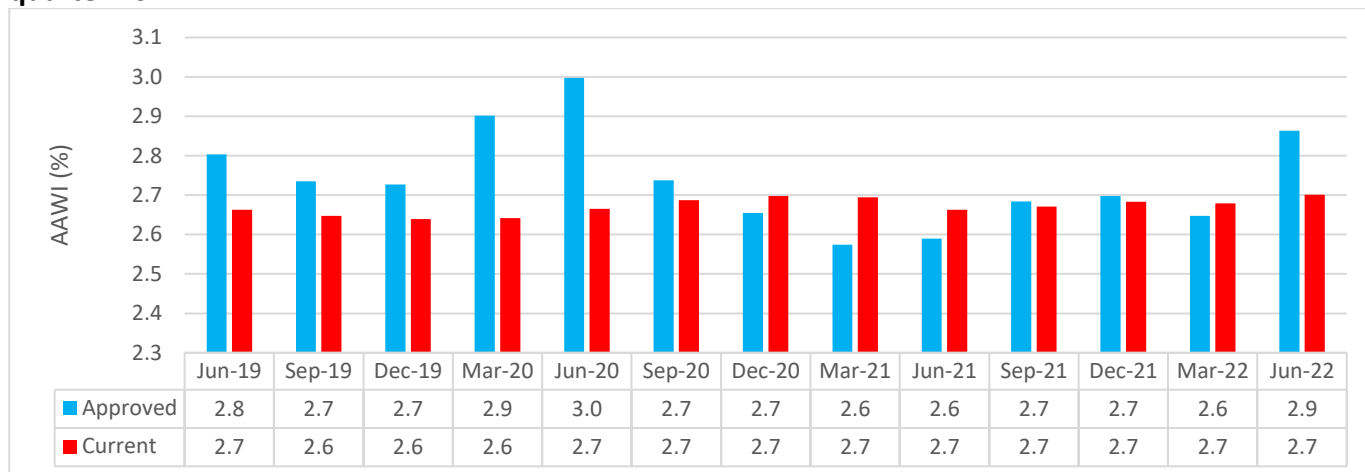

Current agreements

There were 11,053 agreements current as at 30 June 2022, of which 8,638 contained quantifiable wage increases.

The AAWI for agreements current (not expired or terminated) as at 30 June 2022 was 2.6 per cent, unchanged from 2.6 per cent in the March quarter 2022, and unchanged from 2.6 per cent in the June quarter 2021.

5. Private sector wages growth – June quarter 2022 - Table 3 and 7 in Trends report

Chart 3 - Private sector AAWI – approved and current agreements – June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Chart 3 (above) shows the AAWI results for private sector agreements approved in each quarter since the June quarter 2019, and the AAWI for private sector agreements current as at the end of each quarter.

The AAWI for private sector enterprise agreements approved in the June quarter 2022 was 2.9 per cent, up from 2.6 per cent in the March quarter 2022, and up from 2.7 per cent in the June quarter 2021.

The industries with the highest AAWIs were Administrative and Support Services (3.9 per cent), Construction (3.7 per cent) and Rental, Hiring and Real Estate Services (3.3 per cent). The industries with the lowest AAWIs were Professional, Scientific and Technical Services (1.8 per cent), Agriculture, Forestry and Fishing (2.0 per cent), and Public Administration and Safety (2.1 per cent).

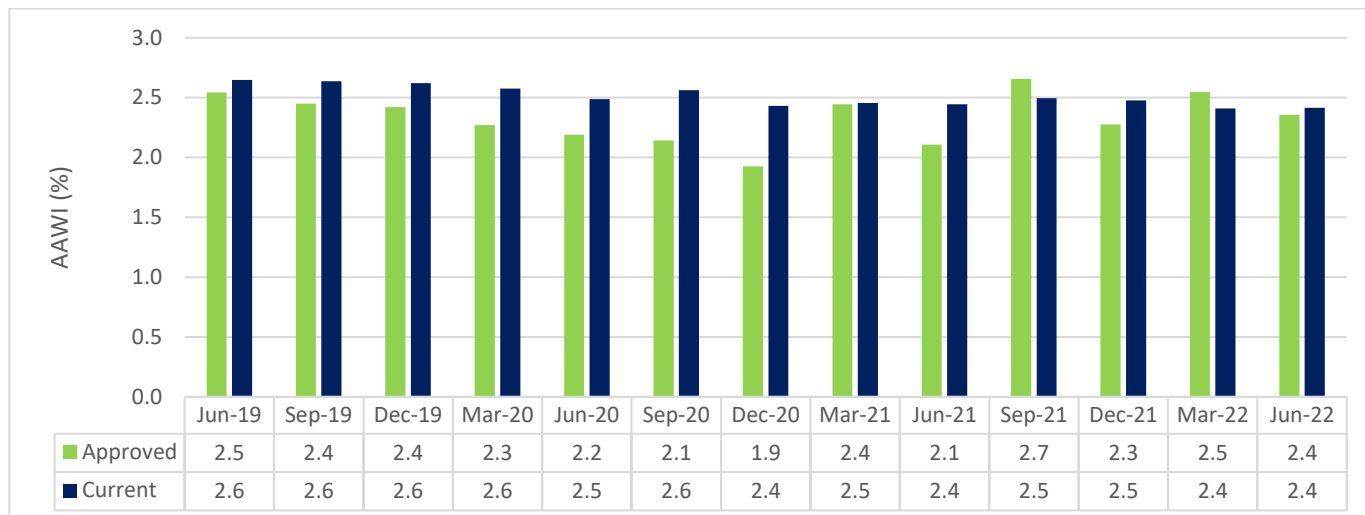

Large quantifiable private sector agreements approved in the June quarter 2022 include:

- *BlueCross Residential Care, ANMF and HSU Enterprise Agreement 2021 (3,818 employees), with an AAWI of 3.5 per cent; and*
- *FedEx Express Australia – TWU Fair Work Agreement – 2021 - 2024 (3,587 employees), with an AAWI of 3.3 per cent.*

There were also other large private sector agreements but they had wage increases that could not be quantified. Further details on them is included in Section 10 of this report.

6. Public sector wages growth – June quarter 2022 - Table 3 in Trends report

Chart 4 - Public sector AAWI – approved and current agreements – June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Chart 4 (above) shows the AAWI results for public sector agreements approved in each quarter since the June quarter 2019, and the AAWI for public sector agreements current as at the end of each quarter.

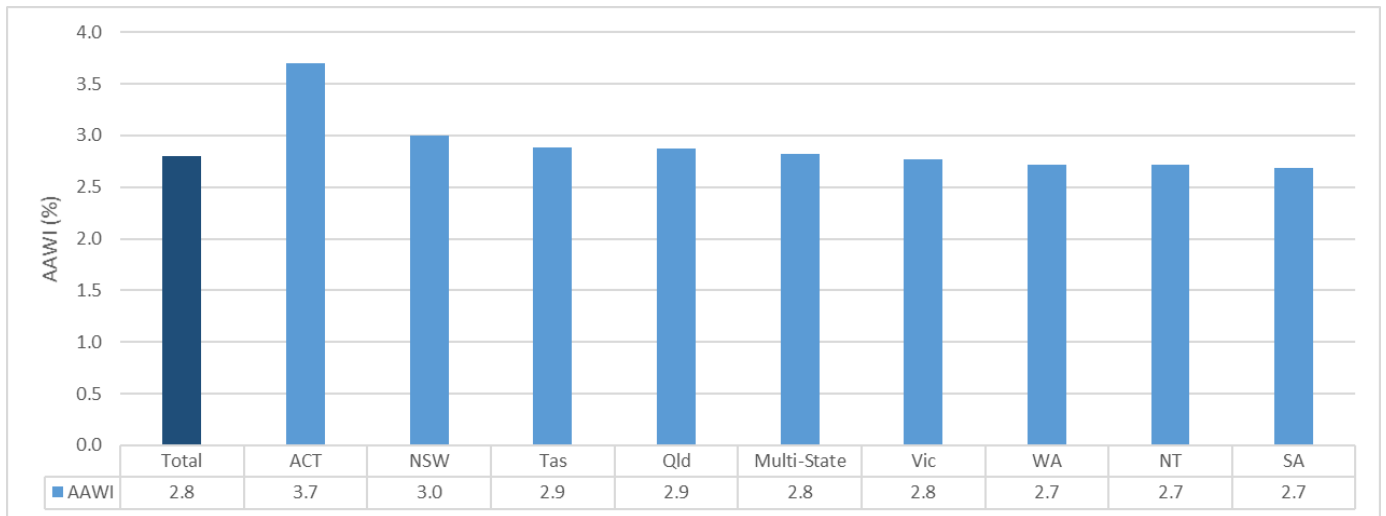

The AAWI for public sector enterprise agreements approved in the June quarter 2022 was 2.4 per cent, down from 2.5 per cent in the March quarter 2022 and up from 2.1 per cent in the June quarter 2021.

Large quantifiable public sector agreements approved in the June quarter 2022 include:

- Hume City Council Enterprise Agreement No. 8 2021 - 2025 (1,712) employees with an AAWI of 2.4 per cent; and
- StarTrack – Transport Workers’ Union Enterprise Agreement NSW/ACT 2021 (1,111 employees) with an AAWI of 2.8 per cent.

7. State/Territory wages growth – June quarter 2022 - Table 10 in Trends report

Chart 5 – AAWI for approved agreements by State/Territory

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Chart 5 (above) shows the AAWI results for each state and territory.

AAWI results for agreements approved in the June quarter 2022 were highest in the Australian Capital Territory at 3.7 per cent.

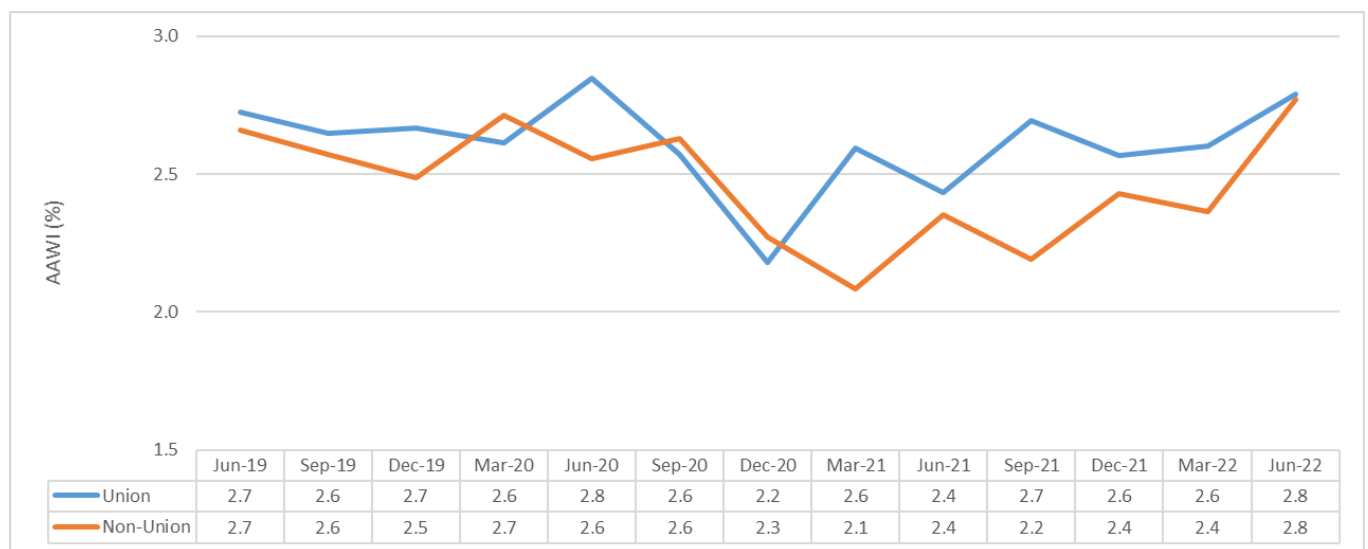

Agreements in Western Australia, the Northern Territory and South Australia shared the lowest combined AAWI of 2.7 per cent.

8. Wages growth for agreements that cover union/s and agreements with no union/s covered – June quarter 2022 ³ - Table 13 in Trends report

Agreements approved in the June quarter 2022 that formally covered unions had a combined AAWI of 2.8 per cent, up from 2.6 per cent in the March quarter 2022 and up from 2.4 per cent in the June quarter 2021.

Agreements with no unions formally covered approved in the June quarter 2022 had a combined AAWI of 2.8 per cent, up from 2.4 per cent in the March quarter 2022 and up from 2.4 per cent in the June quarter 2021.

Chart 6 – Union and Non-Union AAWI in approved agreements – June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

³ See note 4 for more details.

9. Level of agreement making – June quarter 2022 and as at 30 June 2022 - Table 4 in Trends report

Approved agreements

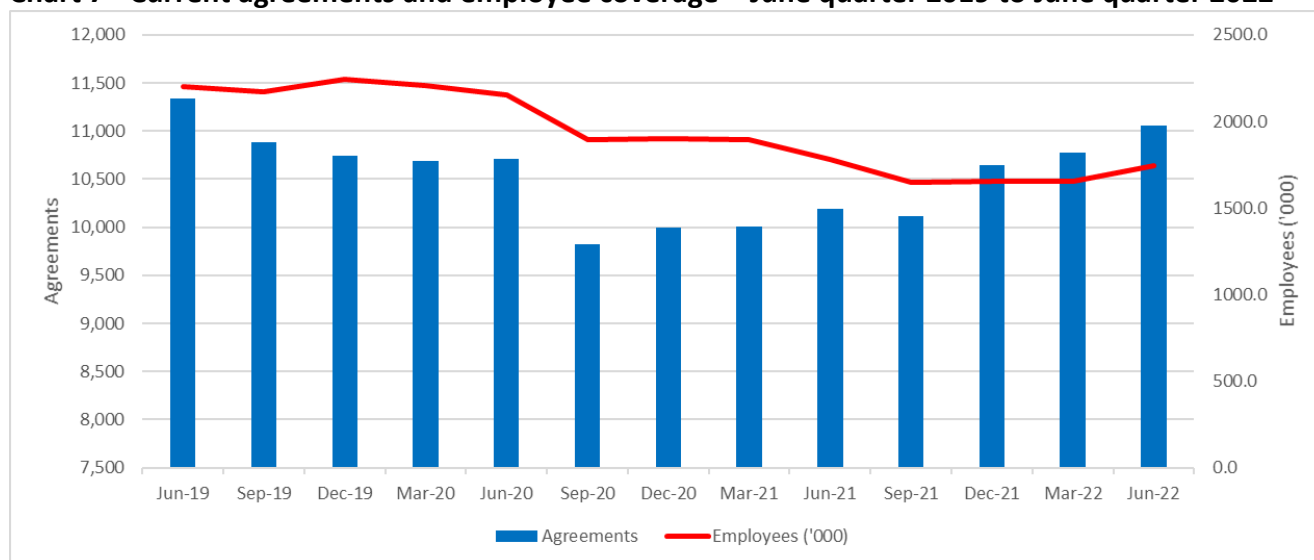

There were 942 agreements (covering 154,700 employees) approved in the June quarter 2022, down from the 1,009 agreements (covering 247,000 employees) in the March quarter 2022 and down from 1,065 agreements (covering 100,100 employees) in the June quarter 2021.

Current agreements

Chart 7 (below) shows there were 11,053 current (not expired or terminated) agreements as at 30 June 2022. This is up from 10,775 agreements current as at 31 March 2022 and up from 10,192 agreements current at 30 June 2021.

The June quarter 2022 employee coverage of 1.74 million is slightly up from the 1.66 million employees covered at 30 March 2022 and is lower than the 1.78 million employees at 30 June 2021.

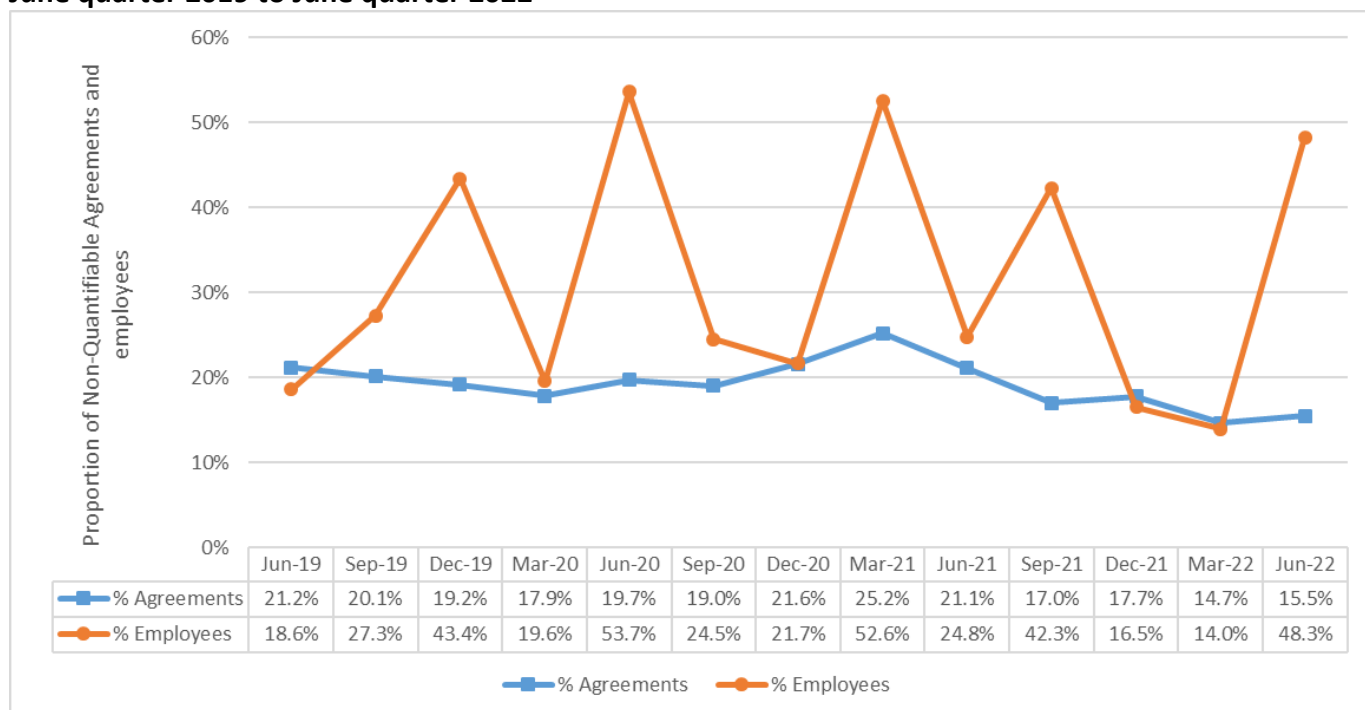

Chart 7 - Current agreements and employee coverage – June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

10. Non-quantifiable agreements⁴ – June quarter 2022 - *Table 12 in Trends report*

Chart 8 - Non-quantifiable agreements, proportion of approved agreements and employees covered, June quarter 2019 to June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Chart 8 (above) shows the proportion of employees covered by non-quantifiable agreements is more volatile than the proportion of agreements that are non-quantifiable. This volatility is due to larger agreements (in terms of employee coverage) with non-quantifiable wage increases being approved in some quarters but not others.

15.5 per cent of agreements approved in the June quarter 2022, covering 48.3 per cent of employees, do not contain quantifiable wage increases, and are not included as part of the AAWI calculations. A non-quantifiable agreement is one that does not have consistent wage increases for all employees covered or wage adjustments are linked to other sources, such as the Fair Work Commission’s Annual Wage Review or CPI or WPI movements.

In the June quarter 2022, the three largest approved agreements that did not have quantifiable wage increases were:

- *Health and Allied Services, Managers and Administrative Workers (Victorian Public Sector) (Single Interest Employers) Enterprise Agreement 2021-2025* (47,608 employees):
 - No single average wage increase can be calculated as wage increases vary according to job classification.
- *Victorian Public Mental Health Services Enterprise Agreement 2020-2024* (9,665 employees):
 - No single average wage increase can be calculated as wage increases vary according to job classification.
- *Royal Freemasons Residential Aged Care Enterprise Agreement 2022* (1,931 employees):
 - No single average wage increase can be calculated as wage increases vary according to job classification.

⁴ See Trends Technical notes for more information on why an agreement is Non-Quantifiable.

NOTES

1. All estimates are rounded and are subject to revision. Revisions have been made to historical series. AAWI data includes only increases to the base rate of pay and do not take into account allowances and bonus payments that are paid separately from the base wage.
2. For the June quarter 2022, the calculated AAWI of 2.8 per cent is based on 796 agreements, covering 80,017 employees (that is, 84.5 per cent of the 942 agreements approved in the quarter, and covering 51.7 per cent of the 154,700 employees) with quantifiable wage increases.
 - A total of 146 agreements, covering 74,732 employees (that is, 15.5 per cent of the 942 agreements approved in the quarter, covering 48.3 per cent of the total of 154,700 employees), have wage increases that could not be quantified. For example an agreement would be non-quantifiable if different increases were given to different classifications, increases were based on individual performance or business unit performance. Refer to Table 12 in the Trends report for related data.
3. Context for wages growth in federally registered enterprise agreements:
 - 35.1 per cent (rounded) of all employees in Australia (as measured by the ABS 2021 Employee Earnings and Hours (EEH) survey) had their pay set by an enterprise agreement.

Notes table: Instrument providing rate of pay for all employees, 2010-2021

Instrument providing rate of pay	2010 (%)	2012(%)	2014(%)	2016(%)	2018(%)	2021 (%)
Award	15.2	16.1	18.8	20.6	21.0	23.0
Collective Agreement (Federally Registered)	31.5	32.0	32.6	38.5 (across all collective agreements)*	30.4	35.1 (across all collective agreements)*
Collective Agreement (State Registered)	11.9	9.8	8.6		7.4	
Collective Agreement (Unregistered)	0.1	0.2	0.2		0.0	
Individual Agreement such as common law contracts or over-award payments (Registered and unregistered)	37.3	38.7	36.4	37.3	37.3	37.8
Owner/managers of incorporated enterprises	4.1	3.3	3.4	3.6	3.8	4.1

Source: Australian Bureau of Statistics Employee Earnings and Hours (May 2010, May 2012, May 2014, May 2016, May 2018, May 2021), unpublished data, including revised data for the 2016 Award and all Collective Agreement categories released at the time of the 2018 data – all employees.

* Note: For 2016, a comparable breakdown of the Collective Agreement category is not available. In 2018, the ABS undertook a methodology change in how they consider pay setting mechanisms. The ABS provided indicative comparable estimates for 2016 (calculated using the 2018 methodology) at the higher level for the different methods of setting pay, however, more detailed breakdowns are not available. Detailed breakdowns for 2021 data are not yet available.

Also note: This table is not intended to be analysed as a time series. Figures are extracted from published and unpublished Employee Earnings and Hours. Disaggregation of revised 2016 data is not available.

This table includes managerial-level employees. This accounts for all differences between this table and tables published in previous Trends reports. ABS classifies employees in the individual arrangement category if they have their pay set by an individual common law contract or arrangement, whether or not written, including where employees receive over-award payments.

4. An agreement is identified as being “union” where the decision approving the agreement notes in accordance with s.201(2) of the *Fair Work Act 2009* that the agreement covers the union(s). A union must have given notice under s.183(1) that it wants the agreement to cover them. It is recognised that this is a proxy measure as the data measure coverage rather than bargaining presence.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
4. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 30 public sector agreements were approved in the June quarter 2022, covering 21,700 employees. Their AAWI was 2.4 per cent and their average duration was 2.6 years.

Table 4 - Agreements current on the last day of the quarter, by sector (June quarter 2019 – June quarter 2022)

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
4. All estimates are rounded and are subject to revision. Revisions have been made to historical series.
5. Agreement types – see “Types of Enterprise Agreements” section in Technical Notes at the end of this report.

How to read: 7 multi-enterprise non-Greenfields agreements were approved in the June quarter 2022, covering 900 employees. Their AAWI was 2.5 per cent and their average duration was 2.7 years.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. The Manufacturing category has been disaggregated into Metals and non-Metals industries.
4. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
5. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 3 Agriculture, Forestry and Fishing agreements were approved in the June quarter 2022, covering 100 employees. Their AAWI was 2.0 per cent and their average duration was 3.9 years.

Table 8 - Agreements current on the last day of the quarter, by ANZSIC Division (June quarter 2019 – June quarter 2022)

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
4. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 143 Agriculture, Forestry and Fishing agreements current as at 30 June 2022, covering 12,800 employees. Their AAWI was 2.4 per cent and their average duration was 3.3 years.

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. The Manufacturing category has been disaggregated into Metals and non-Metals industries.
4. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
5. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 3 Manufacturing agreements, covering 100 employees, have an expiry date in the June quarter 2025. Their AAWI is 2.4 per cent.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal enterprise agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
4. Figures for State and Territory agreements are based on intra-State agreements only.
5. Multiple State agreements are those covering more than one State and include Australia-wide agreements.
6. Other includes agreements operating in Australian external territories and agreements where the State/Territory status has not been identified.
7. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 15 agreements approved in the June quarter 2022 operate solely in the ACT covering 300 employees. Their AAWI is 3.7 per cent and their average duration is 1.8 years.

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal enterprise agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
4. Figures for State and Territory agreements are based on intra-State agreements only.
5. Multiple State agreements are those covering more than one State and include Australia-wide agreements.
6. Other includes agreements operating in Australian external territories and agreements where the State/Territory status has not been identified.
7. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: 129 agreements current as at 30 June 2022 operate solely in the ACT, covering 39,100 employees. Their AAWI is 2.7 per cent and their average duration is 1.6 years.

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Notes:

1. *Non-quantifiable wage agreements are those which do not provide a consistent wage increase for all employees or link wage increases to other methods. Refer to the technical notes for further explanation.*
2. *Revisions have been made to historical series.*

How to read: 30 single enterprise non-Greenfields agreements approved in the June quarter 2022 had non-quantifiable AAWIs because wage increases were linked to minimum wage movements. These agreements cover 4,600 employees.

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. The Manufacturing category has been disaggregated into Metals and non-Metals industries.
4. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
5. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: Of the 3 Agriculture, Forestry and Fishing agreements approved in the June quarter 2022, 2 operate in solely in Queensland. These agreements cover fewer than fifty employees, their AAWI is 1.8 per cent and the duration is 3.9 years.

Table 17 - Agreements current on the last day of the quarter, by state and ANZSIC division, June quarter 2022

Source: Department of Employment and Workplace Relations, Workplace Agreements Database.

Notes:

1. AAWI = Average Annualised Wage Increase per employee.
2. Agreement and employee estimates are for all federal wage agreements in the period, while estimates of AAWI per employee are based on quantifiable wage agreements.
3. The Manufacturing category has been disaggregated into Metals and non-Metals industries.
4. * Where asterisk occurs, there are no quantifiable agreements in this quarter so no AAWI is calculable.
5. All estimates are rounded and are subject to revision. Revisions have been made to historical series.

How to read: Of the 143 Agriculture, Forestry and Fishing agreements current as at 30 June 2022, 25 operate solely in NSW. These agreements cover 3,400 employees, their AAWI is 2.2 per cent and their average duration is 3.5 years.

Trends in Federal Enterprise Bargaining - Technical Notes

The Workplace Agreements Database

Data presented in the *Trends in Federal Enterprise Bargaining report* (Trends) are drawn from the Workplace Agreements Database (WAD), which is maintained by the Employment Conditions Division of the Department of Employment and Workplace Relations. The WAD contains information on all known federal enterprise agreements that have operated since the introduction of the Enterprise Bargaining Principle in October 1991 and that have been subsequently provided to the Department. The WAD covers general details (such as sector, ANZSIC, duration, employees covered), wage details (quantum and timing of increases) and a range of employment conditions.

Agreements included in the WAD

The following agreements are included in the WAD and thus in Trends:

- For agreements made under the *Fair Work Act 2009* or before the Work Choices amendments to the *Workplace Relations Act 2006* (WR Act), those that have been certified by the Australian Industrial Relations Commission or approved by the Fair Work Commission (FWC).
- For agreements made under the Work Choices amendments but before the introduction of the Fairness Test, those that were lodged with the Office of the Employment Advocate (OEA).
- For agreements made under the fairness test, those that were lodged with the Workplace Authority. However, agreements were subsequently deleted and do not appear in the data if they ceased to operate because they did not pass the fairness test.
- For agreements made under the Transition to Forward with Fairness amendments to the WR Act, union collective and employee collective agreements that were approved by the Workplace Authority. Union Greenfields and employer Greenfields were included when they were lodged, but were deleted if they ceased to operate because they did not pass the no-disadvantage test.

Wider context for Trends data

About one third of all employees in the Australian labour market (as measured by the ABS 2018 *Employee Earnings and Hours* survey) are covered by federal enterprise agreements. The table below shows the growth in coverage by federally registered agreements.

Technical Notes Table - Instrument providing rate of pay for all employees, 2010-2018

Instrument providing rate of pay	2010 (%)	2012(%)	2014(%)	2016(%)	2018(%)	2021 (%)
Award	15.2	16.1	18.8	20.6	21.0	23.0
Collective Agreement (Federally Registered)	31.5	32.0	32.6		30.4	31.5 (across all collective agreements)*
Collective Agreement (State Registered)	11.9	9.8	8.6	38.5 (across all collective agreements)*	7.4	
Collective Agreement (Unregistered)	0.1	0.2	0.2		0.0	
Individual Agreement such as common law contracts or over-award payments (Registered and unregistered)	37.3	38.7	36.4	37.3	37.3	37.8
Owner/managers of incorporated enterprises	4.1	3.3	3.4	3.6	3.8	4.1

Source: Australian Bureau of Statistics Employee Earnings and Hours, Cat. No. 6306.0 (May 2012, May 2014, May 2016, May 2018, May 2021), unpublished data – all employees. Please note that this is not intended to be analysed as a time series.

Note: This table has been revised to include managerial-level employees. This accounts for all differences between this table and tables published in previous Trends reports.

Presentation of Trends in Federal Enterprise Bargaining data

A typical row of data in Trends appears as follows:

Field	Description
All Industries	Total number of agreements for a given quarter
AAWI (%)	Average Annualised Wage Increase for the quarter
Duration (yrs.)	Average formal duration per employee for the quarter
Employees ('000)	Estimated total number of employees covered by the number of agreements in the first row

It is important to note that not all agreements contain quantifiable wage increases and in most cases the AAWI is not derived from the total number of agreements shown in the first row or the total number of employees shown in the fourth row. A more detailed explanation of why this is the case is provided below under **Average annualised wage increases**.

Employee coverage

Information on the number of employees covered by an agreement is drawn from the information provided to FWC (Fair Work Commission), the Workplace Authority or the AIRC (Australian Industrial Relations Commission) by the employer who lodges the agreement.

In the Trends data, the number of employees covered by agreements is presented as an estimated figure, as employee coverage figures are not always provided when an agreement is lodged.

Where an agreement's employee coverage is not known and the agreement replaces an earlier agreement where employee coverage is known, the employee coverage of the earlier agreement is used. For those agreements still lacking employee coverage a 'modified mean' is used to estimate employee coverage. The modified mean is generated for each industry group by current quarter removing the largest 5% and smallest 5% of agreements and then calculating the mean of the remainder.

As the number of employees covered by an enterprise agreement frequently changes during the life of an agreement due to workforce fluctuations, the total number of employees covered is not necessarily indicative of the total current coverage of enterprise agreements.

Duration of agreements

'Formal duration' is the period from certification to expiry in years.

The 'effective duration' of each agreement is used to calculate AAWI rather than formal duration (that is, the period from certification to expiry). The effective duration of a wage agreement is the difference in years between: certification, commencement or the date of the first wage increase (whichever is earliest) and expiry date or the date of the last wage increase (whichever is latest) or termination date (where applicable and only if prior to the later of either the expiry date or the date of the last wage increase). Those few agreements with a formal duration of less than one year are deemed to have an effective duration of 12 months.

Though the effective duration is used for AAWI calculations, where duration is mentioned in the tables of the *Trends* report, the 'formal duration' of the relevant agreements is used.

Average annualised wage increases

Estimates of average wage increases are calculated for those federal enterprise agreements that provide quantifiable wage increases over the life of the agreement. Enterprise agreements for which average percentage wage increases could not be quantified (e.g. those with inconsistent increases) are excluded from these estimates.

AAWI data examines only increases to the base rate of pay and do not take into account allowances and bonus payments that are paid separate to the base wage. The ABS produces a more comprehensive dataset on total labour costs ([Wages Price Index](#)). For agreements with quantifiable wage increases, the average annualised wage increase (AAWI) per agreement is calculated using the following formula:

$$100 \times \left\{ \left[\prod_{i=1}^N (1 + r_i) \right]^{\frac{1}{d}} - 1 \right\}$$

r_i = % increases of the i^{th} time*

N = the number of increases over the life of the agreement

d = the effective duration of the agreement in years

*(Flat dollar increases are converted to a percentage using average weekly ordinary time earnings (AWOTE), drawn from [ABS, 6302.0 - Average Weekly Earnings, Australia](#)) for the relevant ANZSIC industry division and quarter)

AAWI per agreement provides only a simple unweighted average and tends to overstate the average wage increase received by employees. For this reason Trends reports the AAWI per employee, which is calculated by weighting AAWI per agreement by the number of employees covered by that agreement.

The “all current wage” estimates are the AAWI per employee for all quantifiable federal wage agreements that are current on the last day of the quarter. Current agreements are those agreements that have been approved and have commenced, but have not been terminated, have not nominally expired and have not been replaced at a given point in time. An agreement is deemed to be current on its nominal expiry date.

Estimates of AAWI generally exclude increases paid in the form of conditional performance pay, one-off bonuses, profit sharing or share acquisition, as these data cannot readily be either quantified or annualised.

Australian and New Zealand Standard Industrial Classification (ANZSIC)

From the September quarter 2009, Trends uses ANZSIC 2006 divisions for data presented by industry, while previous releases used ANZSIC 1993 divisions. This change followed the use of ANZSIC 2006 divisions in the August 2009 Average Weekly Earnings survey released by the ABS, from which data about AWOTE are drawn for use in calculating AAWIs.

From the September quarter 2009, historical industry data contained in the Trends report have also been produced using ANZSIC 2006 divisions.

Union Coverage

Care should be taken when analysing data in tables 13 and 14, in comparing agreements that cover a union and those that do not.

Data about unions covered by agreements made under the *Fair Work Act 2009* may not provide an accurate reflection of union involvement in bargaining for agreements. Under the *Fair Work Act 2009* it is possible for a union to have been involved in bargaining for an agreement and then not be covered by the approved agreement. It is also possible for a union to be covered by an agreement because they were a bargaining representative, even if they did not take an active role in the negotiations.

Further, data about non-Greenfields agreements made under the *Fair Work Act 2009* that cover a union cannot be directly compared with data about union collective agreements or s.170LJ agreements made under the *Workplace Relations Act 1996*, which had to be made with a union. While a union may be a bargaining representative, there is no imperative under the *Fair Work Act 2009* for agreements (other than Greenfields agreements) to be made with a union.

Non-quantifiable wage increases

Wage increases are only recorded in the WAD if the same percentage wage increase that applies to all employees covered by the agreement can be quantified. There are many reasons why wage increases provided for in federal enterprise agreements may not be quantifiable. The list of reasons recorded in the WAD about why wage increases cannot be quantified is as follows:

Reason	Definition
Inconsistent Increase	Percentage wage increases vary between classifications in the agreement.
Performance Linked	Wage increases are awarded only if certain productivity improvements are made, or if wage increases are dependent upon individual or company performance.
Linked to CPI	Wage increases in the agreement are linked to future CPI movements and cannot be quantified at the time of calculating the AAWIs in this report.
Linked to Minimum Wages	Wage increases in the agreement are linked to future minimum wage or award wage increase decisions and cannot be quantified at the time of calculating the AAWIs in this report.
Other Reason	Wage increases cannot be quantified due to a reason not elsewhere classified.

Types of Enterprise Agreements

Trends in Federal Enterprise Bargaining tables 5, 6 and 12 include information about collective agreements broken down by the type of agreement, as determined by the relevant legislation. The following list shows the types of enterprise agreements available under the legislation included in this report.

Enterprise agreements made under the *Fair Work Act 2009*

- Single enterprise non-Greenfields
- Single enterprise Greenfields
- Multi-enterprise non-Greenfields
- Multi-enterprise Greenfields

Of note, under section 172 of the *Fair Work Act 2009* the primary division between types of agreements is whether they cover a single or multiple enterprises. The secondary division under the Act is whether or not the agreement is a Greenfields agreement, that is, it is made to cover a genuine new enterprise or an undertaking for which no persons have yet been employed who will be covered by the agreement.

Recent methodological change

The calculation of the duration data for enterprise agreements in the above listed tables has been corrected due to a methodological error that caused duration to be overestimated in previous reports. This correction has also been applied to all historical records.

Fair Work Commission – fortnightly AAWI data

We note that the Fair Work Commission (FWC) has [recently announced](#) a fortnightly AAWI series on lodged agreements. There are some key differences in methodology between FWC data and the AAWI data reported on in Trends:

- The FWC is reporting upon all agreements *lodged*, whereas Trends data considers only those agreements which have been *approved*. As a result, the FWC data does not use approval or commencement date for the calculation of AAWI, nor does it take any undertakings affecting wage rates into consideration. The FWC data would also therefore include enterprise agreements which are subsequently rejected or withdrawn.
- The FWC data does not include any greenfields agreements.
- The FWC data does not take into account any agreements which offer flat dollar rate increases instead of percentage wage increases.
