The following areas will include these new fields:

- Portal - Host Details

When creating new role, you will be prompted to enter the job title, role type and now the three new fields. Industry Division, Subdivision and Group.

The screenshot shows a 'Create Role' form with the following fields and options:

- Job Title ***: A text input field containing 'testing'.
- Role Type ***: A dropdown menu showing 'Farm Labourer', with 'Remove' and 'Select a Role Type' buttons.
- Industry Division**: A dropdown menu showing 'Agriculture, Forestry and Fishing', with 'Remove' and 'Select an Industry Division' buttons. This field is highlighted with a red box.

A link to the FWO’s dedicated webpage for registering workers to attend a presentation has been included in the PALM scheme recruitment approval letter that PALM scheme employers receive from DEWR.

Information for the Employer

Visa applications will be considered in line with the information provided in this PALM Approval Recruitment Letter. Any changes to an approved recruitment plan must be submitted to the department for consideration and approval as per the PALM Guidelines. Visa applications for this recruitment plan will only be considered within 6 months from the date of original approval. It is expected that workers under this recruitment plan will be mobilised under a single mobilisation date.

Visa Application

The Department of Home Affairs recommends that complete visa applications are submitted a minimum of four weeks prior to the proposed travel date to Australia, to allow sufficient time for visa processing. Travel arrangements should not be made prior to being advised of a visa grant. All visa applicants must be assessed against Australia’s health and character requirements. These requirements are designed to protect the safety and security of the Australian community. It is important to ensure that all required information and documentation is provided when lodging visa applications. Longer processing times may be required if the application is incomplete or if character or health checks are delayed. All visa applicants must comply with their visa validity and visa conditions while in Australia. Visa applications must be lodged via ImmiAccount. For more information and how to apply refer to Pacific Australia Labour Mobility (PALM) stream on the Department of Home Affairs website. Please contact the Labour Sending Unit in the sending country to commence the selection and mobilisation of workers.

Fair Work Ombudsman (FWO) presentation

As part of the Arrival Briefing requirements under the PALM scheme Approved Employer Guidelines, you must register workers to attend a presentation from the FWO. The presentations help arriving workers understand their workplace entitlements and protections when working in Australia. Visit fairwork.gov.au/palm-and-vlma-presentations for information about the FWO’s presentations and how to register your workers to attend.

- **Align incident type values in submission form drop downs with the PALM Deed and Guidelines**

Users submitting an incident in the Portal, will be able to select from an updated list of incidents. This list has been updated to align with the Deed and Guidelines and include the guideline clause.

New Incident Report

Lodge an Incident Report to report a Critical, Non-Critical or Other Incident under the PALM Scheme Guidelines. Please select the options that best describe the incident as you understand it. Provide a title and a summary of your incident report. In the next step, you will be able to attach photographs and supporting documentation. Draft
