

Transition to Work Service Delivery Plan – Members

At **yourtown**, we understand everyone is unique and so is your journey to finding work.

It's why we put you at the centre of what we do. We are more than just an Employment Service.

As specialists in youth employment, we will listen to you and provide a personalised and flexible service that is based around your needs. Our youth-friendly Transition to Work teams work alongside young people aged 15 to 24 and provide practical support to secure a job, complemented by education or training. We respond to your needs by building your employability skills and developing your strengths to achieve your aspirations.
