

Free Employability Assessments

Migrants living in Australia with a successful skills assessment may be able to participate in the Employability Assessments Pilot.

What is on offer?

- ✓ One free employability assessment
- ✓ One free coaching session
- ✓ One free personalised plan to develop your employability skills
- ✓ Subsidised training.

Improve your employability skills

Employability skills are non-technical skills that help you do your job and work well with others.

You may already have the qualifications, knowledge, and technical skills to do your job.

A free employability assessment could be the missing piece to getting you a job in your chosen field.

Access subsidised training

Your assessment may identify training to help improve your employability skills.

The Australian Government will give you up to \$3,000 for training. You will need to pay for 10% of the cost of training.

You may be eligible if you:

- ✓ Have a successful skills assessment outcome in a select occupation.
- ✓ Are working below your skill level.
- ✓ Are living in Australia on an eligible permanent visa.
- ✓ Are not receiving support from another Australian Government program

Be quick because this is a limited opportunity – APPLY TODAY!

Ask your Assessing Authority for an Application Form.

They will check your completed form to see if you can participate.

Apply now and get the job you want!
