## Workforce Connections: Workforce Specialist Project Framework

**Date of Issue: 6 July 2022**

The Workforce Connections: Workforce Specialist Project Framework (the Framework) was developed iteratively from September 2021 and published on 22 February 2022 and reflects the arrangements in place at that point in time. The Framework will be reviewed at least once a year. The review's scope will depend on the significance of changes in labour market conditions, the emergence of workforce needs, changes in government priorities and new industry strategies/plans since the last update.

The purpose of this addendum is to provide the following updates prior to the next review of the Framework.

The Workforce Specialists initiative commencement date has been updated, with the initiative now commencing from October 2022.

All references to the department or the government, including policies, relate to the arrangements that were in place at the time of publication.

These updates will be considered as part of the next review of the Framework.
