I am frankly disgusted with the current job centres.

The staff are usually untrained kids out of school with aggressive and autocratic attitude

These job centres are clearly a waste of the tax payers money they don't people back in work and off benefits instead they force jobseekers into rubbish casual jobs two to three days with very little money which keeps people on benefits long-term .

All they do is verbally abuse jobseekers and cause trouble with potential employers

.They needs

To be replaced by Centrelink or another government body

The current jobseeker payment is way to low it needs to be greatly increased to meet up with today's inflation ...

.Best Regards.
