

Australian Government

find the
right staff
to fit your
business

jobactive is a new recruitment service that helps you find the right fit for your business. Your local jobactive provider will do the hard work for you and recommend a shortlist of screened and job-ready candidates at no cost to you.

It's the Australian Government's way of connecting employers with active job seekers.

Find the right fit **jobactive**

Go to australia.gov.au/jobactive to find out more.
